

THE 28TH BUDAPEST NEPHROLOGY SCHOOL

Nephrology, Hypertension, Dialysis, Transplantation, Nephropathology

26 - 30 AUGUST, 2024

Held at Semmelweis University with a highly distinguished international faculty, the Budapest Nephrology School is one of the most well-known refresher courses in the field of nephrology. It attracted many young physicians from Europe and around the world (68 countries) since 1993.

Features:

- **Nephrology course with diverse topics, including:** electrolyte disorders, glomerular physiology and pathophysiology, transplantation, nephropathology, tubular diseases, chronic kidney disease, hypertension
- Lectures from leading experts of nephrology: László Rosivall, Friedrich C. Luft, Jens M. Titze, Norbert Pardi, Janos Peti-Peterdi, Georgina Gyarmati, Katalin Susztak, Kitty J. Jager, Péter Studinger, Josh Lipschutz, Albert Ong, Simin Goral, Ondrej Viklicky, Eva Honsova, Gábor Kökény, Attila Mócsai, András Tislér, Safak Mirioglu
- "Meet the Professors" an informal meeting during which participants can discuss their experiences and observations with the faculty
- A poster session which aims to have the participants discuss and consult their own research with the faculty

The registration fee includes:

- Attendance at the nephrology refresher CME course,
 - Certificate of Attendance
 - Refreshments, lunches

Please send your application to bns@blaguss-congress.hu!

László Rosivall, MD, PhD, DSc
Professor of Pathophysiology
Institute of Translational Medicine
International Nephrology Research and Training Center, Head
Faculty of Medicine, Semmelweis University, Budapest
Nagyvárad tér 4, 1089 Budapest, Hungary
Fax: +361-2100-100; Email: rosivall.laszlo@med.semmelweis-univ.hu

The 28th Budapest Nephrology School

Nephrology, Hypertension, Dialysis, Transplantation, Nephropathology

26 - 30 August 2024

In conjunction with the

18th International Symposium on Wine and Health and on the occasion of the 18th World Kidney Day

Semmelweis University
International Nephrology Research & Training Center
Worldwide Hungarian Medical Academy
International Society for Pathophysiology
Hungarian Kidney Foundation (Charity Reg. Nr. 596/1987)

26 August (Monday)

Venue: Department of Pathology and Experimental Cancer Research Semmelweis University 1085 Budapest, Üllői út 26.

08:00-09:00	Registration
09:00-10:00	Opening ceremony László Rosivall, Hungary
10:00-10:45	Genetic basis of hypertension Friedrich C. Luft, Germany
10:45-11:30	Salt and body - new perspective Jens M. Titze, Singapore
11:30-12:15	Links of metabolism and renal function Jens M. Titze, Singapore
12:15-13:15	Lunch
13:15-14:00	Interesting clinical cases (1) Friedrich C. Luft, Germany
14:00-14:45	Interesting clinical cases (2) Friedrich C. Luft, Germany
14:45-15:30	Mechanism of SGLT2-inhibition Jens M. Titze, Singapore
15:30-15:45	Coffee Break
15:45-16:30	Development of nucleoside-modified mRNA lipid nanoparticle vaccines: the history Norbert Pardi, USA
16:30-17:15	Lipid nanoparticles: mRNA carriers and potent vaccine adjuvants Norbert Pardi, USA
19:00-22:00	Dinner and the 8th Renal Wine Competition – Meet the Professors Special Dishes with Selected Quality Wines from the Best Known Hungarian Cellars Elaboration and Presentation of Hungarian Wines Ernő Péter Botos, Hungary

27 August (Tuesday)

08:30-09:15	Intravital imaging of glomerular pathobiology Janos Peti-Peterdi, USA
09:15-10:00	Kidney-brain axis and cognitive impairment in CKD Georgina Gyarmati, USA
10:00-10:30	Coffee break
10:30-11:15	New mechanisms in kidney tissue regeneration Janos Peti-Peterdi, USA
11:15-12:00	Diabetic nephropathy Katalin Susztak, USA
12:00-13:00	Lunch
13:00-13:45	Genetics in chronic kidney disease Katalin Susztak, USA
13:45-14:30	APOL1 in chronic kidney disease Katalin Susztak, USA
14:30-15:00	Coffee break
15:00-15:45	Bias and confounding – how they affect study results and what you can do about them Kitty J. Jager, The Netherlands
15:45-16:30	The art (and joy!) of scientific writing Kitty J. Jager, The Netherlands
16:30-17:00	Visit of the Historical Building of the Semmelweis University
19:00-21:00	"MEET THE PROFESSORS AND BUDAPEST" - Boat tour on the Danube

28 August (Wednesday)

08:30-09:15	Renovascular diseases: current recommendations Péter Studinger, Hungary
09:15-10:00	The role of the exocyst in ciliogenesis, cystogenesis, and polycystic kidney disease Josh Lipschutz, USA
10:00-10:45	ADPKD - genetics, diagnostics and prognostic models Albert Ong, UK
10:45-11:15	Coffee break
11:15-12:00	ADPKD - treatment and management Albert Ong, UK
12:00-12:45	Ciliary inhibition primes renal tubule cells for injury Josh Lipschutz, USA
12:45-13:45	Lunch
13:45-17:00	Sightseeing tour, visit of Parliament Official ID card with photo (or passport) is required.

29 August (Thursday)

08:30-09:15	HBV, HCV, HIV and Kidney Transplantation Simin Goral, USA
09:15-10:00	Kidney Transplantation and Pregnancy Simin Goral, USA
10:00-10:30	Coffee break
10:30-11:15	Management of a Recipient with a Failed Kidney Transplant Simin Goral, USA
11:15-12:00	How to overcome ABO and HLA barrier in living donor kidney transplantation Ondrej Viklicky, Czechia
12:00-13:00	Lunch
13:00-13:45	Molecular assessment of kidney allografts in a daily routine Ondrej Viklicky, Czechia
13:45-14:30	HLA incompatible transplantation: current possibilities Ondrej Viklicky, Czechia
14:30-15:00	Coffee break
15:00-15:45	Renal amyloidosis Eva Honsova, Czechia
15:45-16:30	Differential diagnosis of intratubular casts (practical approach) Eva Honsova, Czechia
16:30-17:30	Poster discussion
19:00-21:00	Farewell dinner

30 August (Friday)

09:00-09:45	New mechanisms and therapeutic options for renal fibrosis - what have we learnt from our research? Gábor Kökény, Hungary
09:45-10:30	Signaling pathways in crescentic glomerulonephritis Attila Mócsai, Hungary
10:30-11:00	Coffee break
11:00-11:45	A year in a review — Highlights in clinical nephrology András Tislér, Hungary
11:45-12:30	Test
12:30-13:15	Lunch
13:15-13:45	ERA Young Nephrologists' Platform Safak Mirioglu, Turkey
13:45-14:45	Hungarian Young Nephrologists' Platform
14:45-15:00	Concluding remarks László Rosivall, Hungary
